RTO Developments

We at Thrivability Training and Coaching are in the process of updating our FLM resources to the requirements of the BSB07 Business Services training package.

We have just completed development of all resource materials for the Certificate IV and Diploma of Project Management. As with all our offerings we have a mining focus to our project management.

We are also developing resource materials for two Advanced Diploma MNM level units, based on client request. They are:

MNMMSM628A Establish ground control and slope stability systems.

MNMMSM621A Establish mine water management system.

Cover Story *Early Christmas Presents for Graduating BHPB Iron Ore Whaleback Mine Supervision (see newsletter 14 for more details)*

12 of the 18 graduating class of 2007 attended the celebratory function put of by BHPBilliton Iron Ore (some of the more photogenic above)
