Double Diploma – Surface Operations Management and Leadership and Management [TBSIS2]

TNLC Thrivability Training and Coaching is pleased to offer an additional opportunity for our RII50115 Diploma of Surface Operations Management (DipSOM) candidates. Due to the format of our DIP SOM training program, there is an overlap of units that can contribute towards a BSB51915 Diploma of Leadership and Management (DipL&M) qualification. This requires candidates to complete and be deemed competent in 7 additional units to qualify for the second qualification. Five additional units are offered as Block 2 detailed in the tabulation below. Of the two outstanding units one will be granted via RPL and one RII unit will be imported from the DipSOM.

Who should enrol?

DipSOM candidates wishing to take advantage of the opportunity to obtain a Diploma of Leadership and Management.

Outcomes:

On completion of the new qualification graduates will be able to display initiative and judgement in planning, organising, implementing and monitoring their own workload and the workload of others. They will use their communication skills to support individuals and teams to meet organisational or enterprise requirements.
