Combined Cert IV SEO and Dip SOM [TRSIS4]

TNLC Thrivability Training & Coaching Pty Ltd has developed an innovative double qualification (Certificate IV in Surface Extraction Operations and the Diploma of Surface Operations Management) training program involving the undertaking of 18 units (as opposed to 26 units normally required). It could be considered as a bridging course prior to the Diploma of Surface Operations Management. This offering is available in-house and to the public.

Who should enrol?

Supervisors and step-up positions with less than 3 years supervisory experience. More experienced supervisors can also be directed to this program by their employer if they see benefits.

Benefits of the combined Cert IV SEO / Dip SOM to the individual and employer:

- Eliminates duplication
- Ensure target group gets sound foundation (skills units, planning and blasting)
- Overall minimum time and cost for client (learner or company)
- More rounded and knowledgeable supervision
- The Cert IV SEO and Dip SOM qualifications will be awarded once all requirements are completed
