- Certificate IV in Metalliferous Mining Operations (Underground) [Cert IV UG]

Certificate IV in Metalliferous Mining Operations (Underground) – Training & Assessment Pathway [TRSIS8]

This qualification reflects the role of employees such as a Supervisor or Team leader in an underground metalliferous mine. They perform tasks involving a broad range of varied activities most of which are complex and non-routine. They are responsible for the quantity and quality of the output of others, contribute to the development of technical solutions to non-routine problems and apply mine management plans to the workplace. This qualification is not applicable to coal mining.

What does the “Certificate IV in UG” cover? [RII40315]

Unit code	Unit title
RIICOM301D	Communicate information (Core)
RIIQUA201D	Maintain and monitor site quality standards (Core – RPL Only)
