- UG Metalliferous mining operations
- Resource processing
- Surface extraction operations

RII50120 Diploma of Surface Operations Management (Training & Assessment Pathway)

This course is our most popular program because of the face to face contact which allows learning from other attendees as well as from the Facilitator. This Diploma is also the minimum educational requirement to obtain a WA Quarry Managers Certificate of Competency. We are currently scoped for the latest 2020 release, coded RII50120. The following tabulation shows our offering: Block 1: five mining units, Block 2: five management units and Block 3: three mining units.

TNLC Standard Offering – Diploma of Service Operations Management (DIP SOM)

Unit code	Unit title

Who should enrol?

This unit has been designed for senior supervisors (> 3 years as supervisor / coordinators) and superintendents. Other factors such as time in industry, the possession of a Cert IV SEO and other qualifications are also considered when applying for direct entry to the program. People from processing backgrounds will also be considered for this program.

Registered Training Organisation:

TNLC Thrivability Training & Coaching are a nationally recognised training organisation, provider #51358 and are able to issue "Statement of Attainments" and "Qualifications". Check out www.training.gov.au for further information on packaging rules and our RTO scope.

Delivery Mode:

We run the three DIP SOM blocks at least three times per year and they can be completed in any order. Note it is possible to undertake different units for this program, however they will need to be completed by RPL/RCC or assessment only pathway.
