Certificate IV in Resource Processing (Training & Assessment Pathway) [TRSIS7]

This qualification reflects the role of employees such as a supervisor or team leader working in a metal or coal processing facility. They perform tasks involving a broad range of varied activities most of which are complex and non-routine. They are responsible for the quantity and quality of the output of others, contribute to the development of technical solutions to non-routine problems and apply safety management plans to the workplace. 12 units are required, 4 core and 8 electives, to achieve this qualification.

What does the “Certificate IV in Resource Processing” cover? [RII40515]

Unit code	Unit title
RIICOM301D	Communicate information (Core)
RIIERR401D	Apply and monitor surface operations emergency preparedness and response systems (Core)
RIIGOV401D	Apply, monitor and report on compliance systems (Core)
RIIWHS301D	Conduct safety and health investigations (Core)
RIIRIS301D	Apply risk management processes (Group A Elective)
RIIRAI401D	Apply and monitor mine services and infrastructure systems (Group B Elective)
BSBMGT401	Show leadership in the workplace (Group C Elective)
BSBMGT402	Implement operational plan (Group C Elective)
BSBMGT403	Implement continuous improvement (Group C Elective)
BSBWHS401	Implement and monitor WHS policies, procedures and programs to meet legislative requirements (Group C Elective)
RIIBEF402D	Supervise on-site operations (Imported Unit)
RIIRIS401D	Apply site risk management system (Imported Unit)

Who should enrol? This qualification has been designed for team leaders and supervisors working in the processing plant. Other factors such as time in industry, the possession of a Certificate III in Resource Processing and other qualifications are also considered when applying for direct entry to the program.

Registered Training Organisation: TNLC Thrivability Training & Coaching are a nationally recognised training organisation, provider #51358 and are able to issue “Statement of Attainments” and “Qualifications”. Check out www.training.gov.au for further information on packaging rules and our RTO scope.

Delivery format: We run the units two or three times per year and they can be completed in any order. People with a Cert IV in Frontline Management will not need to do Group C Electives, they only need to complete the eight RII units above. Note it is possible to undertake different units for this program, however they will need to be completed by the RPL pathway.
