

Dear: Presenters, Delegates and Potential Attendees 4thIBG&DW

Please find below venue and workshop program and timing details for the 4th International Blasting Geology & Design Workshop to be held on Monday, 16th November 2026.

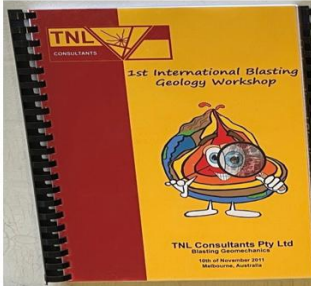

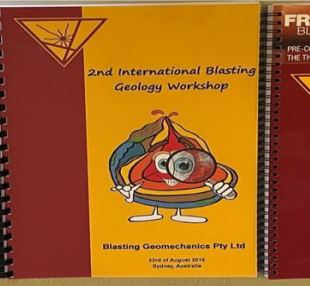

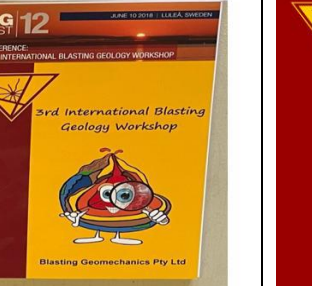

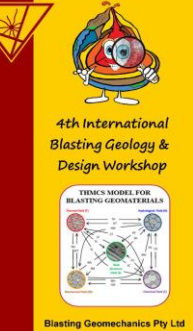

Venue Details:

Meeting Room 1: Crown Towers, Great Eastern Hwy, Burswood, Western Australia 6100

Onsite:

Cherie Little will be onsite throughout the duration of the workshop to assist you with any enquires you may have. Cherie can be contacted on 04 00924306, for technical matters contact Trevor Little direct on 0413521755 in Australia or +61413521755 from overseas.

		4th International Blasting Geology & Design Workshop Monday 16th November 2026 www.bgpl.com.au	
Preliminary Program (Second notice as at 17/10/2026) Cost: AUD \$1,200 (excl GST 10%)			
Time	Topic / Activity		
8.15 am	Registration opens & Arrival Tea and Coffee		
8.30 am	Workshop commences - Introduction to workshop by Trevor Little (BGPL)		
8.45 am	Mike Lovitt - Turning Rock Knowledge into Underground Blast Outcomes		
9.30am	Trevor Little – Development of a THMCS Model for the Blasting Saturated Geomaterials		
10:15 am	Morning Tea / Break (15 mins)		
10:30 am	Dr Dane Blair – Seismic transmission under various geological conditions		
11:15 am	Dr Peter Dare-Bryan - Advances in building geology into numerical models for blasting		
12:00 pm	Lunch (45 mins)		
12:45 pm	Chris Loveland - Changing QA/QC Requirements of Open-Pit Mining and Quarrying: A Comprehensive Analysis		
1.30 pm	TBA – Autonomous blasthole drilling and MWD		
2:15 pm	Afternoon Tea / Break (15 mins)		
2:30 pm	Dr Chandahas Nidumukkala – Lithology AI, Rock Mass AI and MWD AI for Safe and Economical Blasting: A Case Study of a Limestone Mine.		
3:00 pm	Workshop Forum – “AI and Automation for Blasting Geomaterials” (Co-facilitated interactive session by Ivan van Rooyen and Dr C Nidumukkala)		
4:30 pm	Forum and Workshop Conclusion – Evaluation		

 1st IBGW 2011 EXPLO 11 MELB	 2nd IBGW 2015 FB11 SYDNEY	 3rd IBGW 2018 FB12 LULEA	 4th International Blasting Geology & Design Workshop 2026 Blasting Geomechanics Pty Ltd
